

Hi All

Government guidelines are allowing choirs to go back to rehearsing together inside and outside in a Covid secure environment. We would like to know how the choir feels about the possibility of New Music Makers returning sometime in the future.

We would conduct a risk assessment and put all the precautions in place that are advised by the Government for our area. 2m social distancing, hand sanitising, good ventilation etc.

We are asking all members to let us know their thoughts on this by answering the following survey.

1. Would you be comfortable singing OUTSIDE during the day as a means of singing together - weather permitting and Locations Permitting.
2. Would you be comfortable singing INSIDE as a means of singing together - with all safety precautions put in place. Location to be advised.
3. Until we are able to return are you able to join structured Zoom meetings on a Thursday Evening. For those unable to join us we will try and record the meetings so that you can see what went on.

Anyone that would like to try zoom and is unsure Eric can talk you through exactly what to do and set you up with a private zoom call practise.

Please let us have any comments and any suggestions you may have.

Regards

Lin
